Madrid, Sept. 14.-There was another uproarious session of the senate yes-terday. Count Almenas, referring to his statement of Monday giving the mames of the generals he recently said ought to have their sashes tied around their necks, instead of around their walsts, naming Weyler, Blanco and Primo de Rivera, after which he also included Admiral Cervera in the cate-gory, said General Linares was also

npetent and ought to be arraigned Thereupon General Weyler and others loudly protested against these charges. and General Weyler called on Co Almenas to name those generals who were accused of falling to do their duty, and he added, if the accusation were true and the culprits could no be legally punished the generals would take the matter in their own hands and inflict proper punishment.

When the debate was resumed Seno Gonzales attacked the army. He said It had been worsted first by the insurgents and then by the Americans. The speaker asked what had become of 200,000 men sent to Cuba. He blamed General Weyler and the late premier Senor Canovas, asserting that the lat-ter was unimportant while in power and might have done what he pleased.

The premier, Senor Sagasta, reply-ing, said that neither Senor Canovas del Castillo nor himself had ruled long enough to change the character of the race, which was the true cause, he claimed, of the disaster to Spain. are," the premier said, "an analmic country. We were attacked when act ing as an honest man would. We defended ourselves. I have lost my prestige, but it is because I believe the path I am following is the best."

General Weyler then made a speech of great violence, which provoked such an outburst that the premier had to in tervene and called upon the gentlems to explain, General Weyler replied that he had not threatened the govent institutions, but only thos who had attacked the army.

The Duke of Teutan, the former minister for foreign affairs, defended Senor Canovas del Castillo, whereupon Senor Gonzales made another attack upon the deceased premier, declaring that the latter had foreseen the loss of Cuba and had planned with Senor Sagasta to sign the surrender. The loss of Cuba Senor Gonzales continued, was a just punishment to those who failed to profit by the doctrine that the colonies should not be governed by oppression The chamber of deputies yesterday adopted the Hispano-American proto-

Dewey Wants Warships Manila, Philippine Islands, Sept. 13.— Rear Admiral Dewey says he considers the situation critical. It is understood he has asked for an additional cruiser and a battleship. The Spaniards assert that Spain will take a coaling station here, and that Spain will retain the remainder of the islands. The last Spanish garrisons at Ilocos and Laguna have surrendered and the whole of the island of Luzon is in the hands of the insurgents, except at Manila and Cavite.

EMPRESS ELIZABETH'S WILL.

She Leaves Her Jewels, Valued at

Geneva, Sept. 14.-The arrangements for the funeral ceremonies over he body of the murdered Empress Elizabeth were published last evening. The body of the empress will lie in state in the Hofburg on Friday and during the forenoon of Saturday, and the interment will take place at the Capugin church at 4 o'clock Saturday afternoon

The empress, it is reported, left a will bequeathing her jewels valued at \$2,500,000, to charities. The will, it said, gives full instructions regarding her obsequies. Layinz Castle is left to her favorite daughter, Arch-Achielion, in the Island of Coru, she left to Princess Cisela The bulk of her fortune is divided

The coffin has been closed, and nebody, not even the Emperor Francis Joseph, will see the face again. The ody was finally enveloped in a black faille dress, the hair arranged with diadem over the forehead, and the hands folded lightly together, holding a cross and rosary. Awaiting Russia's Next Move. Washington, Sept. 14.-President Mc-Kinley has not yet named a representa-tive of the United States to attend the conference projected by the czar, with the purpose of securing a general disarmament of the great powers of the world. In the answer returned by him however, to the invitation extended by fairs, which was transmitted by Ambassador Hitchcock, the president openexpressed his concurrence in the sentiments so loftily set forth in the ference is held, to have the United yet it is not possible to make a selection, for it remains for the Russian government to say whether or not it regards the response made by the gov ernments invited to participate as suf ficient to warrant the holding of the

No More to Be Musterod Out. Washington, Sept. 14.-Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. Efforts in this direction, however, are of no avail. It is announced with increased emphasis that there will be no more troops mustered out. The situation does not admit of any further reduction in the army, and efforts are being made to put those volunteers who are retained in the service as near as possible to the footing of the regulars in the matter of drill and discipline. The purpose at the outset, when the muster out began, was to muster out 100,000 volunteers. A little over 96,000 have already been mustered out, and it is announced positively that there will be no more mustered out, no matter what influence is brought to

Colonel Bryan May Go to Cuba Washington, Sept. 14.-The Third Nebraska regiment, Colonel William Jennings Bryan, will be ordered to Cuba for garrison duty. Private advices to this effect have reached Washington, and are not denied at the war department, though no absolute confirmation as to this ultimate destination of the Third regiment is given. There is talk that Colonel Bryan may resign, but his political and personal friends deny this report. Notwithstanding that, strong pressure is being brought to bear upon him to do so.

They Are Bartolomo Masso, Mendez Capote, Jose Miguel Gomez and Calixto Garcia-The Election to Take Place at Cubitas Next Month.

Havana, Sept. 14.-The presence of cial and economic aspects of the situation, is regarded with suspicion by the party of free Cuba, as indicating the establishment of an American poliff, which will probably be protective of Cuban industries, and is acquainting himself with every detail of local taxation. In this work he is assisted by a capable staff. For the present his efforts are only preliminary, as, until after the definite settlement of peace, it will be impossible to establish the

But his efforts and inquiries, taken together with the announcement that American troops will be sent later to occupy the city-which had hitherto been doubted by many-have had the effect of provoking protests from the more rabid Cubans, who are holding meetings and adopting resolutions as citizens of the free and independent republic of Cuba by the establishment of an American protectorate."

These two problems-independence and annexation-are the chief topics discussed, and the idea of an American protectorate, with military occupation Everywhere it is recognized that the choice is between independence and an-

Several well known Cubans arrived here on Saturday by the Mascotte, ostensibly as delegates commissioned by the Cuban junta to facilitate the work of disbanding the Cuban troops. There is reliable authority, however, for the statement that they are really com-missioned to agitate the question of Cuban independence. On Sunday night at the residence of one of the most aristocratic families of Havana, and the question of independence was then discussed at length
